

BARK INDIA CHARITABLE TRUST

Monthly Newsletter- June,2023

Volume : 3
Issue : 4

🐾 RESCUE & TREATMENT- 84 🐾

The month was a great time in helping more animals in need. 84 animals have been rescued and given medical care to, including 80 dogs and 4 cats.

48 animals has been released back to their places after treatment and recovery.

🐾 VETERINARY SURGERIES-80 🐾

80 veterinary surgeries were done in the month to ensure the best possible medical care to the strays animals.

Animal Birth control surgeries, tumor surgeries, eye surgeries are done in the month.

STRAY ANIMAL FEEDING -350/DAY

Every day 350 stray animals are fed in different places of Puducherry and nearby Tamil Nadu where food availability is less.

Thank you Ms.Anjana Sreekumar for donating rice for 9 days, Mr.Arunkumar, Ms. Dhivya Priya for sponsorship of one day feeding on their birthdays.

OUTPATIENTS-98

98 (new cases) animals have been treated as outpatients at our hospital, including dogs, cats, goats and birds.

Outpatient timing: 10AM-12PM, 3PM-4PM
(Monday to Saturday)

ADOPTIONS

Forever happy homes were found for 4 animals through the adoption Programme, including 1 puppy, 1 abandoned dog, 1 kitten and one cat. Thanks to everyone who adopted animals instead of buying pets.

We always have animals up for adoption. Please follow us on social media for adoption updates.

We always endeavour to deliver the best possible care and treatment to the rescued animals.

BEFORE

AFTER

Puppy rescued from Anna Salai, Puducherry. He was in blood with one eye popped-out, when rescued.

BEFORE

AFTER

Abandoned chppiparai dog rescued with mange and skin infections. Spayed and vaccinated . Up for adoption.

Scool Awareness Programme

We have always been enthusiastic about educating the young generation for a better tomorrow. Happy about the third school awareness Programme conducted at Government Primary School, Nonankuppam, Ariyankuppam, Pondicherry, that educated 72 children from Standard 2- 5.

The sessions educate children on topics like basic animal behaviour, do's and don'ts with animals, pet and stray animal care, need of adoption, dog bite and its prevention, rabies and prevention etc. through live and interactive sessions.

Through interactions, demonstrations and PPT, they come to understand the intended topics and have better understanding about animals.

Many thanks to the School in charge Ms. Subashini Jaganathan and all the teachers and staff of the institution who provided their immense support for the programme.

Can you help?

In the present situation of increasing human animal conflicts, educating the children reduces the possibilities of such issues and the children who has awareness helps creating a better tomorrow and human-animal friendly society.

Would you like to support the programme by helping us conduct classes at more schools ? Please contact us .

Also volunteers are needed for teaching material preparation, teaching support, camera/videography for classes.

THANK YOU
