

## Animal Rescue and Treatment– 129

In August 2024, Bark India successfully rescued 129 animals, including dogs, cats, and a cow, all found in dire conditions. Our dedicated team provided essential medical care and rehabilitation, ensuring these animals received the best possible treatment. While several of the rescued animals have been restored to health and returned to their original locations, others continue to receive care and support at our facility as they recover. Every rescue is a testament to the commitment of our team and supporters, working tirelessly to save and improve the lives of animals in need across our community.
