Rescue & Treatment-115

Surgeries- 74

The more number of rescues, the more animals are in need!

The last month of 2024 had been busy with a lot number of rescues. Every day we receive distress calls for help from different parts of Pondicherry and Tamil Nadu. And we are happy to help as many animals as possible. Thank you for being a part of our journey.

Vaccinations-74

74 animals got vaccinated through our free vaccination programme and community vaccination camps.

Feeding-350 strays

350 strays get a full and healthy meal 2 days a week.

School Awareness Programme- 1 school

The year 2024-25 has been a remarkable journey for Bark India Charitable Trust, marked by numerous challenges and incredible accomplishments. Over the past year, we have successfully rescued, admitted, and treated an astounding 1,115 animals in need. This milestone, while inspiring, came with its own set of formidable hurdles that tested our resolve and commitment.

One of the major challenges we faced was the sheer increase in the number of rescue cases, which pushed our resources and infrastructure to the brink. With limited space to accommodate all the animals requiring care, we had to think creatively and work tirelessly to ensure that no animal was left behind. Adverse weather conditions further complicated many rescue operations, making it difficult to reach animals in distress.

Additionally, our limited human resources meant that our dedicated team often had to go above and beyond, working long hours to provide critical care and attention to every animal. Financial constraints posed another significant challenge, as the growing demand for medical supplies, food, and shelter required substantial funding.

Total of 1115 strays are rescued in the year, in which 1081 dogs, 33 cats and 1 cow have been rescued, admitted and provided medical care to.

Despite these obstacles, we remained steadfast in our mission. Through perseverance and innovation, we were able to provide life-saving surgeries, critical treatments, and compassionate care to the neediest animals. Beyond our rescue operations, we continued to make a lasting impact through our adoption drives, school awareness programs, medical camps, free vaccination drives, and stray feeding initiatives. Each of these activities played a vital role in improving the lives of countless animals and spreading awareness about animal welfare.

One of the major challenges we faced was the sheer increase in the number of rescue cases, which pushed our resources and infrastructure to the brink. None of this would have been possible without the incredible support of our community. We are deeply grateful to the kind-hearted rescuers, donors, and supporters who stood by us throughout this challenging year. Your generosity and compassion have been the backbone of our efforts, enabling us to turn adversity into opportunity and ensure a brighter future for the animals in our care. Whether through donations, volunteering, or spreading awareness, your contributions have made a world of difference.

Adoptions- 34

School Awareness- 4

As we move forward, we remain committed to overcoming every challenge and continuing our mission to protect and care for animals in need. With your continued support, we are confident that together, we can create a world where every animal is treated with love, care, and dignity. Thank you for being an integral part of this journey.

The year 2023-24 has been a transformative period for Bark India Charitable Trust, with veterinary surgeries playing a pivotal role in saving and improving the lives of countless rescued animals. Over the course of the year, our dedicated veterinary team performed an astounding 792 surgeries, each one a step towards giving strays a new lease on life.

These surgeries encompassed a wide range of life-saving and life-enhancing procedures, tailored to address the unique needs of the animals in our care. From intricate tumor removal surgeries to restore health and mobility, to fracture pinning that mended broken bones and allowed injured animals to walk again, every procedure was performed with precision and compassion.

Complex hernia repairs and spay and neuter surgeries not only saved lives but also contributed to controlling the stray animal population, ensuring a healthier and more sustainable future for these animals.

Every surgery told a story of resilience and hope. Behind each successful procedure was the unwavering commitment of our veterinary team, who worked tirelessly to ensure the best outcomes for every animal. These surgeries have not only alleviated pain and suffering but have also transformed lives forever, allowing the animals to heal, thrive, and, in many cases, find loving forever homes.

Thank you!

We extend our heartfelt gratitude to our supporters, donors, and well-wishers whose generosity has made these efforts possible. Your contributions have directly impacted the lives of hundreds of animals, giving them the second chance they so desperately needed. As we look back on this impactful year, we reaffirm our commitment to providing the highest standard of care and continuing to be a beacon of hope for animals in need.

Be the hope of the hopeless!

Each help matters!

Start your year by helping the most deserving!

Without your support, we would not have been able to help the strays in need!
